

Where Are They Now?

Now Team-Teaching at The Mary Ward Centre

ELSIE ANIFOWOSE

I started Leonie's class (Childcare and Crèche Course) in 2004 pregnant with my third child. During that period I was not worried about the completion of the course at the present state I was in but very glad and thankful to God that I was actually selected and being given the opportunity to do the course.

I finished the course, went on to do NVQ Level 3 in Childcare and Early Education at

Westminster Kingsway College and did a few other courses in addition.

I am currently co-teaching with Leonie on the same course I took as a student, teaching at WKC, doing my Stage 2 teaching in FE, assessing students in NVQ Level 2 as well as completing the A1 Vocational Assessor Award. "Yes, I am very busy but enjoying every experience."

Education can be Childs Play!
