ENRICHING AND TRANSFORMING LIVES

WELCOME TO MARY WARD SPRING 24!

The Mary Ward Centre is a specialist adult education college which offers high quality part-time adult education. We provide courses in a wide range of subjects including Arts & Crafts, Skills for Life, Languages, Computing & IT, Business, Music, Health, Humanities and Communication Studies. We pride ourselves on having a creative and responsive curriculum. Around 5000 students attend the Centre each year and our student body reflects the diversity you would expect from our London location. Students come from all walks of life, both local and London wide (and beyond). Their education, work and life experience varies enormously. We have a dynamic community outreach programme delivered in partnership with other Voluntary and Community sector organisations.

We strive to deliver an excellent service to all our students. For the last two Ofsted Inspections the Centre received grades of good or outstanding for aspects of its work.

The Mary Ward Centre is based at 275-285 High Street, Stratford, E15 2TF. There are excellent local transport links. It is less than 10 minutes walk from the main station at Stratford which has underground, over ground, DLR and National rail services, and only 2 minutes from Stratford High Street DLR Station. There is also a bus station outside of the main Stafford station. Our brand newly built building is accessible for students and clients.

The Blackfriars Settlement is at 1 Rushworth Street London SE1 0RB. The atmosphere at both buildings is relaxed and friendly but purposeful. Our strap line is *the friendly place to learn* and support for individuals is central to our ethos.

ESSENTIAL SKILLS AT MARY WARD

Mary Ward is the friendly place to learn, from booking an assessment to a place in class, there is someone here to help.

Classes are once or twice a week, day and evening, some are at our centres and others online. Teachers at the assessment will talk to students about what is best for them.

Highly qualified, professional teachers will support learning from start to finish.

Towards the end of each course, teachers will give advice about next steps; whether this is the next level or a whole new avenue, to get people into work, a new job or develop further life skills.

FEES

For most people living in London, Essential Skills courses will be free. Teachers will discuss fees with students at assessment.
