ENRICHING AND TRANSFORMING LIVES

WELCOME TO MARY WARD!

At Mary Ward, we're more than just a college. We're a warm, welcoming community where students are at the heart of everything we do and we specialise in learning for adults. Whether you're an aspiring artist, a tech enthusiast, a language lover, or interested in health and wellbeing, we've got a course for you.

Our students join us from all walks of life and our student body reflects the diversity of the communities we serve from our London locations. You will also find us out and about in areas local to our centres delivering a community outreach programme together with partners from the voluntary, community and charity sector.

Where are we? We serve the whole of London but our fully accessible buildings are in Stratford and Southwark in easy to access locations served by varied transport links. Take a look at the maps on the back cover and travel information on the next page to see how to get to us.

We are always happy to talk about course options and choices, by email, phone or in person at one of our centres. There are also some **Taster Days on 18th and 21st September 2024 at our Stratford Centre** where there will be a range of short workshops and a chance to meet some of our tutors and see the building. We want to make sure that you feel comfortable, welcome and have all of the information you need to start your learning with us.

This year we are also offering a range of Creative courses at Redbridge Institute at Gants Hill campus which is a 10-minute walk from Gants Hill tube station.

Don't miss out on our **Early Bird offer - book by 31st August 2024 and get 10% off the cost of a course.** *

We look forward to seeing you soon!

ESSENTIAL SKILLS AT MARY WARD

Mary Ward is the friendly place to learn, from booking an assessment to a place in class, there is someone here to help.

Classes are once or twice a week, day and evening, some are at our centres and others online. Teachers at the assessment will talk to students about what is best for them.

Highly qualified, professional teachers will support learning from start to finish.

Towards the end of each course, teachers will give advice about next steps; whether this is the next level or a whole new avenue, to get people into work, a new job or develop further life skills.

FEES

For most people living in London, Essential Skills courses will be free. Teachers will discuss fees with students at assessment. Visit our website: www.marywardcentre.ac.uk

MARY WARD COURSES AT REDBRIDGE INSTITUTE OF ADULT EDUCATION

We are delighted to announce that Redbridge Institute of Adult Education and the Mary Ward Centre are entering into a new formal strategic partnership to improve access to creative arts learning across the east of London.

This exciting partnership will mean a much wider range of creative arts courses are on offer to both existing and prospective students – meaning that even more people will be able to benefit. The partnership, which comes into effect in September 2024, will deliver courses at both Gants Hill and Stratford.

We are so pleased to be working with Redbridge Institute, where together, we can continue to offer high-quality teaching and facilities to support the skills development for local residents in the creative arts sector which is thriving and growing in East London.
Therese Reinheimer-Jones, CEO, Mary Ward Settlement
